

Gun Security Safe Features with Live-Action Locking Bolts

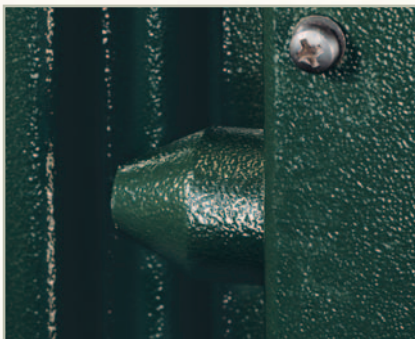

All of Stack-On's Security Plus full-sized gun safes have the following:

- LARGE, live action locking bolts for greater security.
- Solid steel dead bolts on the hinge side of the door of full-length safes and concealed hinges provide greater security.
- Each full-length safe includes Stack-On's patented gun barrel rests and standoffs for scoped guns. Standoffs allow scoped guns to stand upright in the safe without taking extra space.
- Pre-installed fully carpeted interiors with foam padded and carpeted bottom.
- Flush mount bottom for easier attachment to the floor.
- Pre-drilled mounting holes for easy attachment. Fastening hardware is included.

These safes are California DOJ-approved firearm safety devices that meet the requirements of California Penal Code Section 12088 and the regulations issued thereunder.

Not recommended for storing CDs or other electronic storage devices.

Large, steel locking bolts, concealed hinges and hinge side steel dead bolts on full length safes provide added security. Concealed hinges have been engineered to allow for greater access to the safe's contents.

Molded barrel rests won't deteriorate or compress over time. The contour of the barrel rest will accommodate rifles as well as side-by-side shotguns. Stack-On's patented barrel rests keep your guns in place.

Stack-On's patented barrel rest standoff keeps most scoped rifles away from the back of the cabinet and allows for one position storage. This unique standoff can be attached to a Stack-On barrel rest and removed if your needs change.

Gun Security Safes

- 3-number combination lock with a drill resistant, hardened steel plate in the door resists drill attacks.
- 3 live action locking bolts and 3 steel dead bolts provide 6 locking points.
- Solid steel, pry resistant door with concealed hinges provides greater security.
- Fully carpeted interiors with Stack-On's patented barrel rests and standoffs for storing scoped rifles allow for better space utilization.
- Each includes fastening hardware to bolt the unit to the floor.
- Exterior has a hunter green epoxy paint finish with gold accents on the door.

GSG-719 19-Gun Safe

- This safe holds 12 rifles or shotguns on the left side of the safe plus an additional 7 guns or adjustable shelving on the right side of the safe.
- Includes 4 adjustable shelves

SPECS

26-13/16" wide (68 cm)
17-5/8" deep (45 cm)
59" high (150 cm)

GSG-716 16-Gun Safe

- This safe holds 16 rifles or shotguns.
- A 2-tray organizer is included for storing ammo, cleaning supplies and more. Sturdy hooks allow for hanging items like duck calls or hats. Slot behind the trays is perfect for storing maps, manuals, licenses or other documents.
- A removable, carpeted shelf is included in this safe for added storage. Shelf is positioned in the back of the unit so longer guns can be stored in the front along the side walls.

SPECS

20-7/8" wide (53 cm)
20-1/16" deep (51 cm)
59" high (150 cm)

Gun Security Safes

- These safes hold 16 rifles or shotguns.
- 3 live action locking bolts and 2 steel dead bolts provide 5 locking points.
